Re: USA vs. Lawrence Fairfax – Case No. CR-10-183-BLW

Dear Mr. Moss:

I am the victim of the crimes of Larry Fairfax.

I am the mother of three who, on June 15, 2010, found a bomb planted by Larry Fairfax under my car as I was on my way to a Court arraignment in my husband's case.

I am concerned about the conduct of one of your assistant prosecuting attorneys who made a misstatement of fact in Court yesterday concerning me and who has failed to bring charges against unnamed accomplices of Larry Fairfax who present a clear and present danger to me and my family.

First, you should know that at no time did I say that I wanted "...nothing to do with the U.S. Government or its prosecution" as reported by the news media that Ms. Whelan stated in court yesterday. In fact, previously I cooperated with the prosecutor in this case when I gave an interview at the government's request. Further, I called and left a message on Ms. Whelan's voice mail, who had written a letter to me dated August 24th, regarding the Fairfax plea hearing on September 7th.

Second, as I stated in my Affidavit filed with the Court yesterday, objecting to the plea bargain for Larry Fairfax, the FBI has failed to arrest, and Ms. Whelan has failed to prosecute, the unnamed accomplices of Larry Fairfax, who, according to the FBI, have threatened my life and the lives of my family.

Please be advised that I am represented by Wesley W. Hoyt, as my attorney. You may contact him at 208-983-0212. All future communications regarding matters of concern to me should be through Mr. Hoyt's office.

I believe that someone in your office needs to investigate what Ms. Whelan and the FBI have been doing and not doing. If I, as a citizen of the United States cannot rely upon the U.S. Department of Justice to tell the truth and follow the law, then who can be relied upon?

Sincerely,

Cyndi G. Steele
